that has been put down to a of 185 feet. At a depth of seve feet a twenty-foot cross-cut n run out and tapped three feet Fifty feet deeper the vein was ad three and one-half feet of ore encountered. Another cross-cut is eaded for the vein from the bot-f the shaft, and during the next ays the ore body will be tapped

ork about sixty tons of ore have aised to the surface. Forty tons sample 25 per cent lead, eighteen silver, \$2.60 gold, 3.5 per cent and 1 per cent zinc. An assort-of twelve tons carries, according aples taken, 46.5 per cent lead, eight ounces silver 33 80 gold, ight ounces silver, \$3.80 gold per cent copper, a showing for the amount of development lasses the property among the ought out in the camp during

ery preparation for the winter's gn had been made. Supplies of ds for the boarding house are olline enough to run the engine on the ground, while lumber and everything neces-use in the mine have thought-en provided. A force of fourn is now at work and the intento keep at least that number ed during the entire winter.

VISITED THE ST. JOE.

as City Shareholders Express tisfaction With Work Done. V. Mente and F. C. Papendick we prominently identified with Joe Mining company, came out kansas City early in the week to the property. After a couple under and above ground they ys under and above ground they need to the city Thursday evening, ast night left for home. When yesterday the visitors expressed to satisfaction with the condition they found the mine and deal their belief that when the big ting tunnel reaches the objective the production of ore on a large way and will begin. in and will begin.

can and will begin.

main operating tunnel is now in at the rate of three feet a day. I now attained a depth of about the beneath the surface, the face 1,505 feet from the mouth when sitors left the workings. To tapeat Fire King ledge will require 1,106 feet more driving, but there 2. Total 2.00 ehares.

California, 500@26½c; 500@26¾c. Total 1,000 shares.

New York, 1,800@38½c; 102.339c; 1,100.33½c; 200.33½c; 200

nave been attained.

The company's territory butts right into the United States possessions on the east, and there is no guess work on the part of the management as to the location of the principal ore bodies which the ground contains.

TINTIC SHIPMENTS.

Ninety-eight Carloads For Week-May Day Loading.

Eureka, Nov. 14.—Shipments have not yet been resumed at the Centennial-Eureka, and will not be until the United States smelter is in commission. The Mammoth sent out twenty-four carloads of ore this week, and the Eureka Hill, which has been out of the lists for some time, shipped four cars. The May Day also has two cars loaded, which will go out tomorrow. The The May Day also has two cars loaded, which will go out tomorrow. The Grand Central tramway will be started up Monday, and if there is no hitch in it the output from that mine should show a material increase next week. During the past seven days ninety-eight carloads of ore and one bar of bullion were shipped from the district, as follows:

Star Consolidated

Mammoth mill, one bar bullion.

ORE FROM THE CREOLE. Superintendent Mixer Brought Down

Sample Thursday Night. C. T. Mixer, superintendent of the Creole company's Fark City mines, came down from camp on a short business trip Thursday night. He brought with him a few samples of very fine looking ore from the workings which were left with Secretary W.

left with Secretary W. B. drew. The samples, or most of them, came from the first level below the old tunnel, where the bottom of the drift is being lowered to grade, while a portion of them came from the bottom of the winze sunk in the ore from that level. level.

To see them is to know that the Cre-

To see them is to know that the Creole has ore, fine ore, and as every day
is disclosing more of it there is no reason to doubt that the mine will enter
the shipping lists much sooner than
most people have thought would be the
case. It will cost nothing to see the
samples, anyhow, and that Secretary
Andrew will be pleased to show them
to any one interested, goes without
saying.

Ore and Bullion. Ore and bullion settlements in this city yesterday, as reported by McCornick & Co., amounted \$86,400, as follows: Silver, lead, gold and copper ores, \$63,300; base bullion, \$23,100.

Metal Market.

Silver, 491/8c per ounce. now opened in the Comstock result in courting disbelief, so it just as well to cut the matter

Copper, 11c per pound; New York, \$11.30 to \$11.50 per 100 pounds.

Lead, \$3.50 per 100 pounds; New York,

MINING STOCK EXCHANGE.

With Lively Trading and Heavy Sales Market Held Up Fairly Well.

Trading was quite lively on 'change resterday and considering the amount of yesterday and considering the amount of business done the market sustained itself fairly well. Thursday's figures were not upheld, however, and the little boomlet that seemed to have then been started falled to continue. During the two regular and open board calls a total of 67,615 shares, with a selling value of \$\$4,786.50, changed hands.

Ajax, Consolidated Mercur and Daly-Judge were a little stronger, though the latter was hammered some on the open board just before the close. Daly-West was reduced to \$44.80 and Mammoth to \$1,65.

\$1.65.

Lower Mammoth recovered and moved up to \$1.36, closing 1½c lower. May Day sild off to 21½c, while California fell from 25%c to 23c, closing at 23½c.

New York opened at 33½c, went up to 39c and then eased off to 35½c. Victor sold at 13¾c at the finish, and Martha Washington continued business at a little under 3c.

Wabash received another slugging and from 98c the price was reduced to 83c. Black Bess sold at 50c, Utah at 60c and La Reine at 4¾c, the rest showing little or no change.

hange.

Preferred ... when the children are examined by the medical inspector and anything is discovered the matter with them, one of these reports is filled out and sent to the parents of the child. The attention of the parent is in this way called to any imperfection that the child may be suffering from, and the suggestion is made that the family physician be consulted immediately.

Dr. Whitney states that by thus reminding the parents of what may come of neglecting common allments that are so often overlooked until they result in something serious, he hopes to ward off much disease and keep the children of the schools in fairly good health. The plan has been favorably received and much is expected of it.

A Dangerous Month.

This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night? Then, you should always have handy a bottle of Balard's Horehound Syrup for coughs and colds. It gives immediate relief. We know it's the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy. "25c, 50c, and \$1.00 at \$2. C. M. I. Drug Dept.

WARM WEATHER RETARDS TRADE

Heavy Winter Goods Have Been a Drug Upon the Market.

DEMAND FOR SPRING GOODS

GENERAL BUSINESS CONDITIONS

PRECADOR THE

TREATION OF MAIN ALCOHOLOGY AND ALCOH goods, which are being ordered more freely than in average years. This is taken to indicate widespread confidence in prosperous conditions next year.

Little or no improvement is noted in the fuel situation, which particularly affects steel and iron manufacturers, many of whom are reported discouraged by their inability to fill orders now on their books. A heavy volume of winter goods is moving on previous orders. Collections, except where affected by weather conditions, remain exceptionally good and a large majority of cities report payments fair to good. Furniture manufacturers are reported unable to keep up with orders and hardware jobbers have all they can attend to. On the Pacific coast shipments of merchandise are very heavy, and many wholesalers are behind on orders. Car shortages retard shipments of lumber. Wet weather in the northwest and west has stimulated demand for rubber goods.

The lumber trade is still quite active, notwithstanung the advanced state of the season, and the only complaint is as to backward deliveries. Other building materials are quite active. The boot and shoe business is in good shape. Leather is firmly held. At eastern markets shipments are smaller than of late and tend to decrease as the period of stock-taking arrives. Sharp differences are notable in the iron and steel trade, accordingly as the cruder or more highly finished forms are considered. The flour market is apparently in good shape. New orders are not numerous, but the mills are busily employed on old business.

Wheat, including flour, exports for the week ending Nov. 13 aggregate 4,440,160 bushels, against 5,715,555 bushels last week and 4,982,704 bushels this week last year.

Wheat exports since July 1 aggregate 191,584,652 bushels, against 117,182,318 last year.

Business failures in the United States for the week ending Thursday, Nov, 13.

101,384,652 bushels, against 117,182,318 last year.

Business failures in the United States for the week ending Thursday, Nov. 13, number 205, as against 148 last week and 213 in this week last year.

In Canada they were ten, as against twenty-four last week and thirty in this week a year ago.

Dun's Report.

R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say:
Lower prices for railroad stocks than at any time since last March do not necessarily indicate a loss of traffic nor a setback in business. On the contrary, there were numerous evidences that manufacturing and transporting interests have not sufficient facilities to meet demands, aithough plants and equipment are now of greater efficiency than at any previous time. Distribution of merchandise is fully maintained, preparations being made for a heavy holiday trade, and frequent complaints of fardy deliveries testify to the heavy consumption. Prospects for continued activity are bright because of unprecedented harvests, prosperity in the agricultural sections assuring a good demand for other products.

Pailures for the week numbered 241, against 215 last year, and twenty-four in Canada, compared with twenty-seven a

BUSINESS OF THE BANKS.

GARDNER DAILY STORE NEWS.

The illustration shows one of the most popular suits we ever had for boys. The Norfolk.

We've them in a great. variety, for ages 3 to 10 years, from \$2.50 up. When you're in today for what little things the Boys need, just ask to see the suits.

Today ought to be a good overcoat day. Two reasons for that; one is, weather is getting so mugh colder; other is, we've such an overcoat stock we ought to be able to suit anyone --

\$1.50 up to \$10.00. Mostly in the box cut style, like men's. New Shirts, New Waists and Sweaters. Boys need Gloves, too. Chances are men will divide today with the boys.

Some will want Suits, some Overcoats, some Shirts, some Gloves. They're all here.

ONE J. P. GARDNER, MAIN STREET.

ONIC CORRECT DRESS

Our clearing week on Custom Tailor-made Suits will begin Monday, when we will offer all at a special reduction. The prices are \$17.50, \$20.00 and \$25.00. Our large line of Cloaks in Cloth, Velvets and Furs are the latest styles and best values in the city.

This week our waist line will be shown largely and many bar-
